

CUEVA DE LOBOS

ALPHA

100% Garnacha

Elaboration with destemmed grapes.

Vineyard with less than 20 years-old.

First of all it pass 3 months into brand new french oak barrels. After that, we use used-barrels.

A vineyard that in the past was dedicated to cereal due to its low fertility. In Laguardia it was always told that the garnacha's maturation was almost imposible. This is the reason why this variety barely exists in this area. Two of our favorite things merge: the shortage with the challenge.

Available Sizes:
750 ml. (Wooden boxes of 4 bottles)
1500 ml. (Individual wooden boxes)

“ We jump into a void to plant and perform the Garnacha in our own way”

Javier San Pedro Ortega
